series

Decra Led
WINDOW LEADING PRODUCTS

The fused tiles are combined to make circles or squares or any other different shapes with distinct shades of colors and strongly three-dimensional effect. They add charm and beauty to the colorful finished panel.

Main sizes are 40 × 40mm, 60 × 60mm and 127 × 76mm, 100 × 170mm diamonds and 60mm semicircle.

The fused tiles are used in this finished panel.
